

**Wonca Europe Council Meeting Vienna 2012
Intercontinental Hotel Wien, 4 July (9.00 - 16.00)**

Agenda Topic Template

AGENDA TOPIC: eLearning - Presentation and Partnership Proposal

SUBMITTER: Romanian National Society of Family Medicine/General Practice

Type of Item (Bold/Underline the Type): Information Discussion Motion

INTRODUCTION:

We would like to share with the participants a report on the successful eLearning project launched by the [Romanian National Society of Family Medicine/General Practice](#) one year ago and its relevant impact on family doctors.

The project was launched in 2011 and during the first year, over 25% family doctors have joined the program. The 8 courses available were designed specifically based on family doctors' practice (by a team of family doctors and other specialists) and have CME credits. Our proposal is to share the results of project with all members, and explore possibilities of future partnership in order to extend this project at European level.

RECOMMENDATION/CONCLUSION:

We would recommend that, based on the success of the project run in our country, to explore possibilities to maximize the exposure of existing e-learning projects to family doctors in Europe (in a localized version). We would like to be contacted by interested parties at: office@snmf.ro
